GigSTARTER

Easy. Affordable. Broadband everywhere.

WHOLESALE SATELLITE IN A BOX

With fully-managed services and pay-as-you-grow plans, Kacific provides the simplest low-cost, low-risk way to connect rural and remote customers and provide unlimited high-speed broadband.

With this turnkey solution, ISPs, telcos and government agencies can easily deliver affordable, reliable internet to clinics, schools, businesses, communities and residential users. Simply install a small, easily-maintained satellite dish.

GIGSTARTER

Designed to quickly connect even the most remote and isolated users, Kacific satellite dishes are light and easily transportable and can even be solar-powered.

Kacific maintains a full remotely-managed bandwidth service. Internet service providers distribute and install the dish. Broadband for everyone, anywhere with Kacific.

- Easy, low-cost installation
- Affordable, high-speed internet
- Unlimited monthly data
- Fully managed service
